

Robyn and Trevor established Angel Property Managers in 2012 and have rapidly grown the business since then, becoming one of the most respected property management companies in Auckland.

Using specialised systems and a proactive approach we are able to resolve issues with tenants before they become major. This helps to ensure tenant retention and more importantly protects the owner from loss.

Angel Property Managers are recognised as providing thoroughly professional property management services for landlords and their properties.

We have the ability to manage properties throughout New Zealand including main centres like Invercargill, Dunedin, Christchurch, Wellington, Hamilton, Tauranga, Whangamata, Gisborne, Kawarau, Whangarei Tokoroa and Huntly.

Apart from all of the above what makes us different is that we care – about YOU, your Property and your Tenants. We strongly believe CARING differentiates us and we have FUN!!!
